## AROUND THE GREEN

### Dan Greaves, Head Golf Professional

First off I would like to apologize for the delay getting out this addition of the Easton Club Newsletter. The past couple of weeks have been a blur with the golf season getting in full swing. It has been an exciting couple of weeks with increasing play, range activity, outings and what I love to see, signing up and meeting our new members to the club.

Kyle & his crew are doing a great job getting the course in great shape which has led to an increase in both member and public rounds, including the increase in outside public outings. We are excited to continue to see the course mature and continue with our renovation plans to allow for better, more player friendly course conditions.

It has also been great to work with all our members who have redeemed their free lesson vouchers you received with your Early Sign-up Packets. We hope that you continue to improve with your game and don't hesitate to see us for check up lessons throughout the season. If you haven't redeemed your voucher just contact Josh or myself to set up an appointment. We will also be starting a series of clinics for our members here in the very near future; keep a lookout for email updates and fliers posted in the golf shop for details.

Along with the many great lessons with our members, Josh and I are looking forward to our upcoming Junior Golf Camps sponsored by Randy Staats & Caldwell Banker. Our June camp is already full with the July camps filling up quickly. The kids that participate in our camps truly get a great experience with our hands-on instruction on the driving range combined with on-course application which set the campers up for a promising future with the great game of golf.

As always I give many thanks to all our members and look forward to continue seeing all those low scores being posted in the handicap computer.

## Superintendent Update

### Kyle Spear, Golf Course Superintendent

First, I want to thank everyone who participated in the course cleanup on May 10, the flowers around the flagpole look wonderful and the collection of sticks, in the wooded areas, will help speed up play. It also opened my eyes to the number of trees that are dead and need to come down and we hope to start cleanup in the near future.

If you have played recently you've noticed number 5 bunker is almost finished. This will complete our renovation from last year and we will continue to brainstorm projects for the fall. But for now, preparation for the summer is the first priority. It is important to note on June 27 we will be aerating greens. The greens will be aerated with solid tines and rolled, leaving very little disruption. Thanks again for your help and support to make this a successful year.

Your Superintendent,

Paul K. Spear

## Clubhouse News

### Looking For Social Activity Groups

The Easton Club is looking to broaden our activities here at the club. Along with our many great leagues, we are looking to start social activity groups to help offer a more well rounded club membership. Social activity groups are a fantastic way to meet new people and most importantly gives members family members an opportunity to enjoy what the club has to offer as well.

Whether it's Bridge, Mahjong, Poker, Book Club, or even Knitting, The Easton Club is interested in getting social activity groups started. If you are interested in helping to get a social activity group organized or you have ideas for other types of groups, please contact Dan Greaves, Head Golf Professional at [dgreaves@eastonclub.com](mailto:dgreaves@eastonclub.com).

## New From the Golf Council

### Give Us Your Input

A suggestion envelope has been placed on the bulletin board in the hallway outside of the restaurant. This is one way for the Golf Council to hear from the membership. If you have an idea that you feel might benefit The Easton Club golfing experience, please place your suggestions in the envelope.

These will be presented in the next council meeting. As a reminder, we are an advisory council to the club. I thank those who have already made suggestions and they will be presented at the May meeting.

~Audrey Webber EC Golf Council President
